

Programme Provider Categories

Sponsored Programme Provider (SPP)

As a Sponsored Program Provider (SPP) you have full control of the production of the program. You are able to gain sponsorship for your program, which will enable you to fund the production, this should offset any other expenses incurred in the making of your program.

Community Programme Provider (CPP)

This category is solely not for profit, community based organizations to gain access to the medium of television. Assistance can also be offered in the production of CPP programs. Air time for CPP programs is at no charge, the sponsorship announcement time within all CPP programs remains the property of LINC - Channel 68 and will be filled with station sponsorship announcement and promotion material. The CPP provider has no say to the content placed in a CPP program.
